

KITTAR

Manual

Overview of Kittar

Kittar is a music app that lets you enjoy playing music phrase by phrase. Choose a song saved on your iPhone, iPad and iPod touch and the app will automatically generate a "phrase list" based on the song's structure. The app is perfect for having fun with performing a song partially, accompanied by the original song.

Choose a song

Choose the song you want to play from the songs saved on your iPhone/iPad/iPod touch.

Choose a phrase list

Select the phrase list you want to play.

Play a phrase

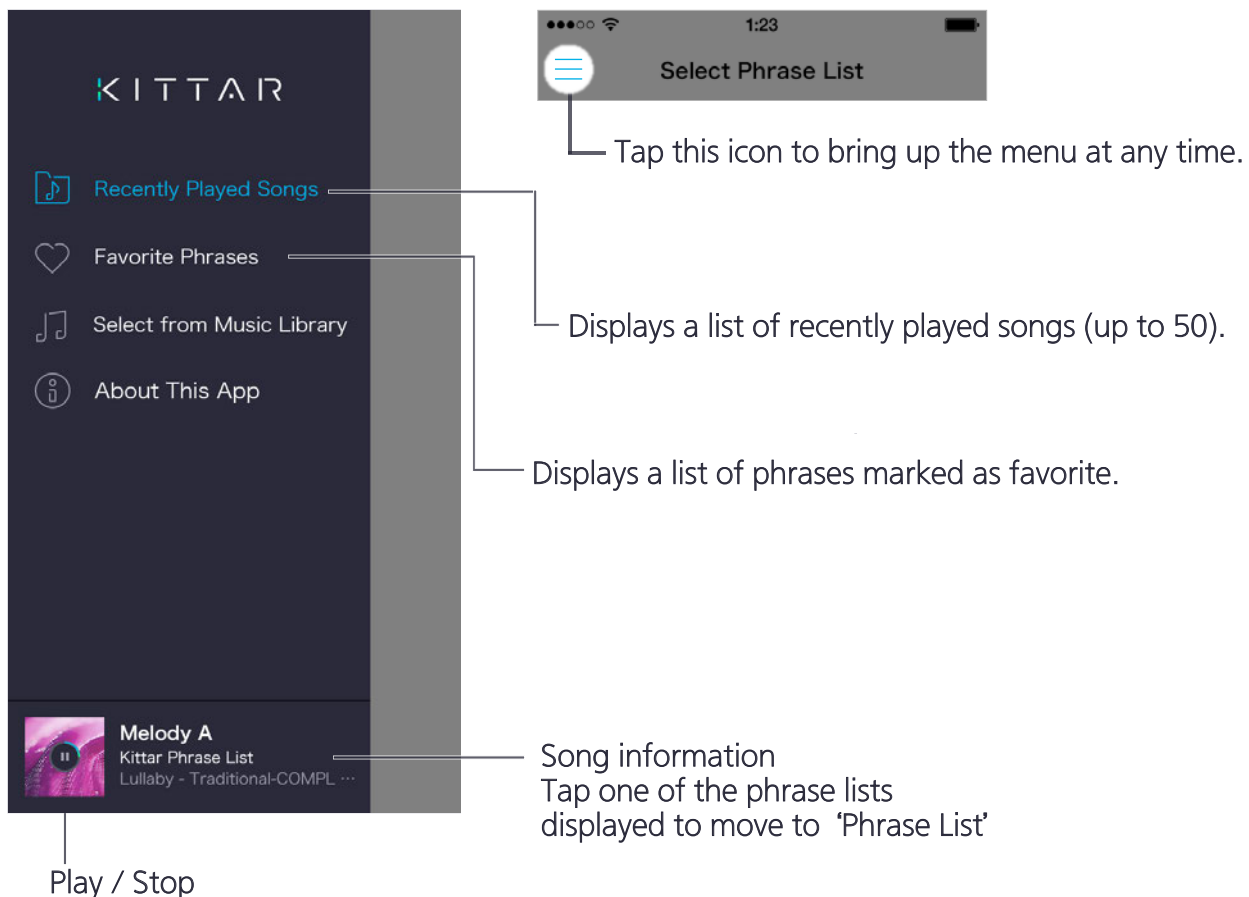

Choose and play the phrase you want to hear.

Edit the phrase list

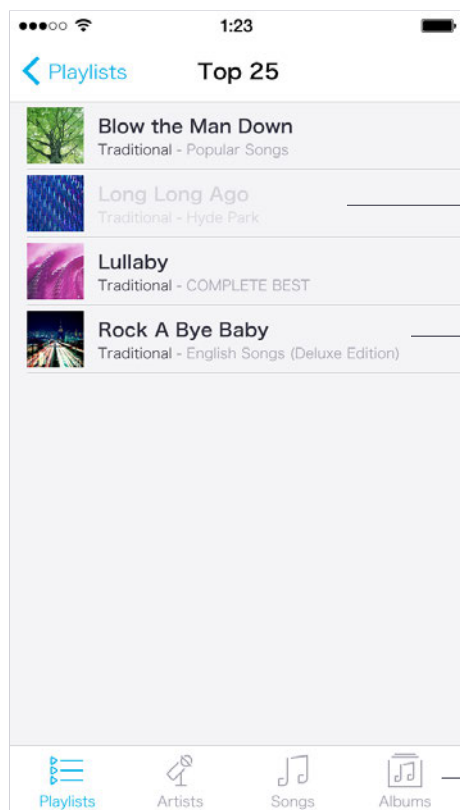

Freely edit the phrase list to match your playing style.

Side Menu

Select from Music Library

A list of the songs stored on your iPhone, iPad and iPod touch is displayed.

Unsupported song
* For details see the notice below.

When you select a song, the screen changes to 'Select Phrase List'

Browse songs by playlist, artist, song title or album

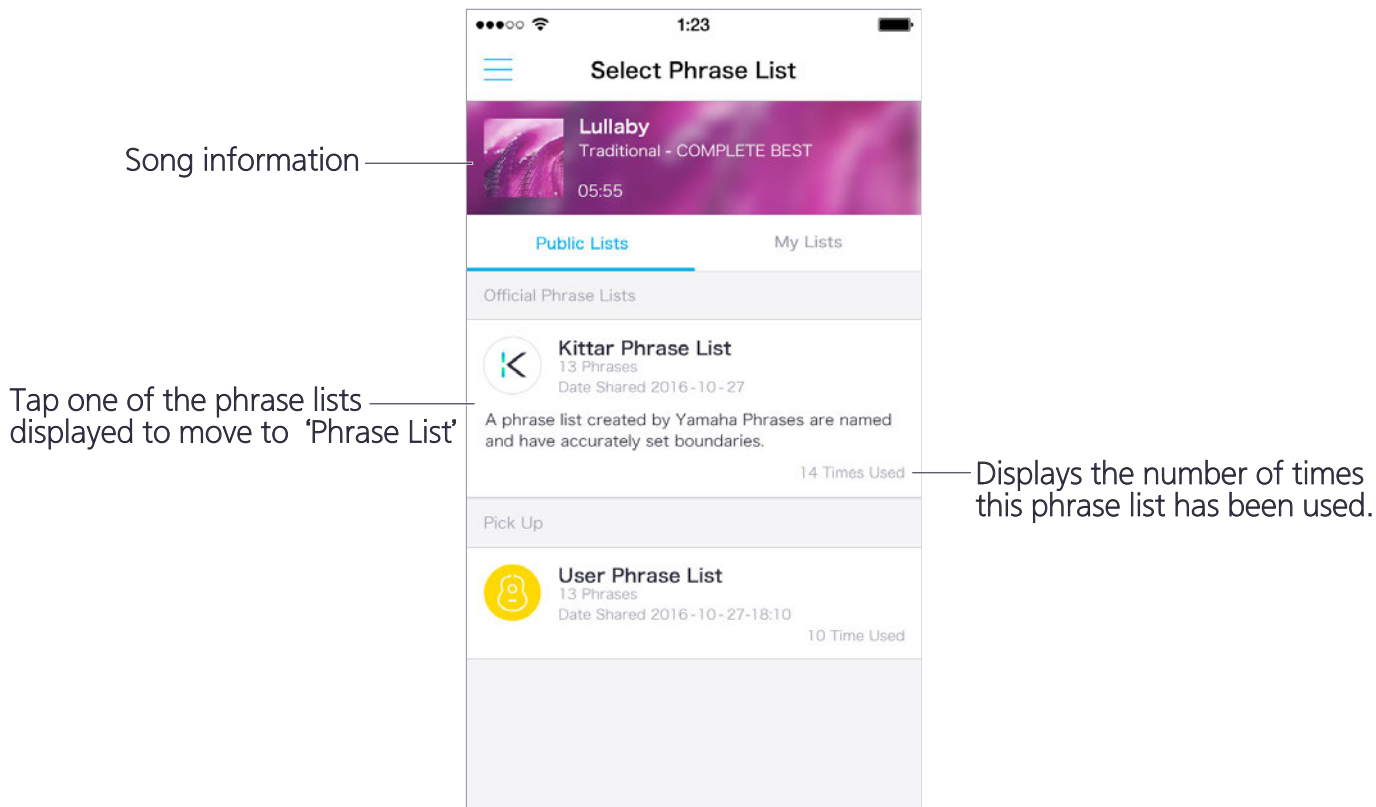

Notice:

The following types of songs are not supported and cannot be selected.

- Songs stored in iCloud
 - Protected by digital rights management (DRM)
 - songs over 40 minutes long
-

Select Phrase List - Public Lists

Displays phrase lists for the song selected.

Official Phrase Lists :

Displays public phrase lists distributed by Yamaha.

The types of phrase lists displayed vary according to songs selection.

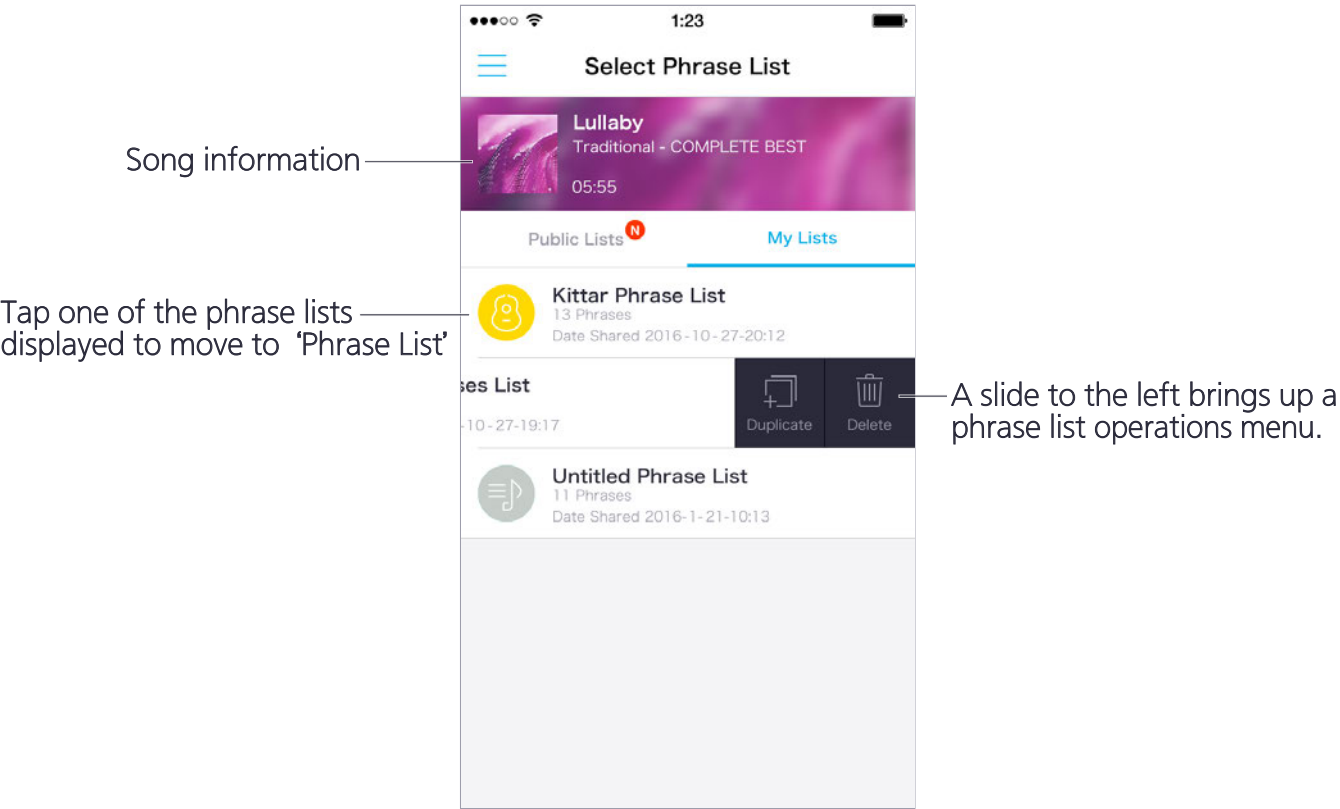

Pick Up :

Displays phrase lists actually used by people performing the song.

*Not all phrase lists are displayed. To cancel data sharing, open 'About This App' on the side menu, select 'Data Sharing' and switch 'Data Sharing Setting' to OFF.

Select Phrase List -My Lists

Distributed phrase lists selected, played, and edited are automatically saved.

icon	Explanation	
	Badge	This icon is displayed when the distributed phrase lists are updated.
	Duplicate	Copy phrase list
	Delete	Delete phrase list

For customers of Version 1.3 and earlier
Phrase lists used before the update are named 'Untitled Phrase Lists' and saved in 'My Lists'.

Phrase List

After selecting a song from the music library, a phrase list is automatically generated and displayed.

Return to 'Select Phrase List'.

Edit phrase list info :

You can change the names of the phrase lists and musical instrument category icons.

Phrase Player

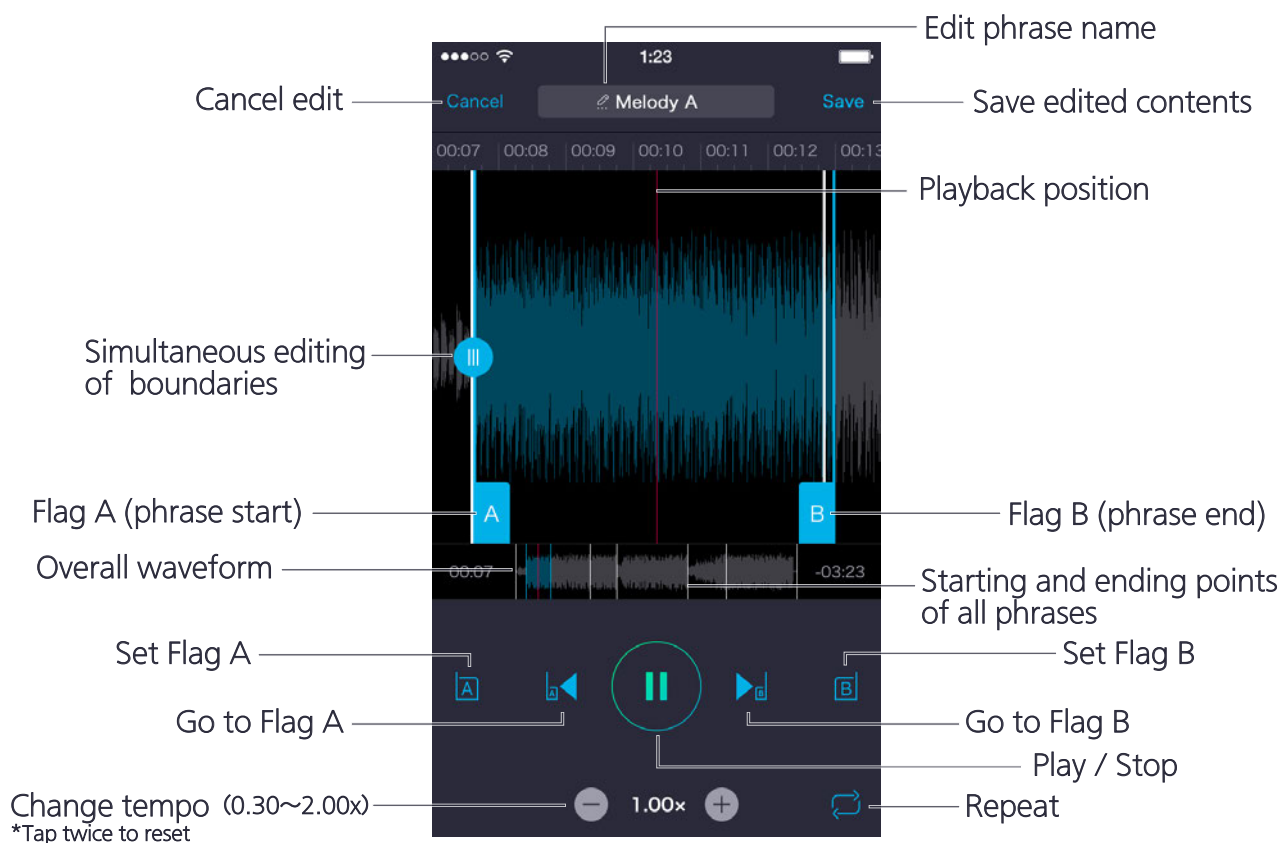

Play music and adjust related settings.

icon	Explanation	
	Count-in	Start playback from before the start of the phrase. The time can be adjusted from 1 second to 5 seconds in Playback Settings.
	Repeat	Play the phrase repeatedly. If the phrase has been added into a group, all phrases in the group will be played, after which playback will loop back to the first phrase.
	Add favorite phrase	Add phrase to the list of favorite phrases.
	Edit phrase	Open the Edit Phrase screen and edit the phrase name and boundaries.

Edit phrase

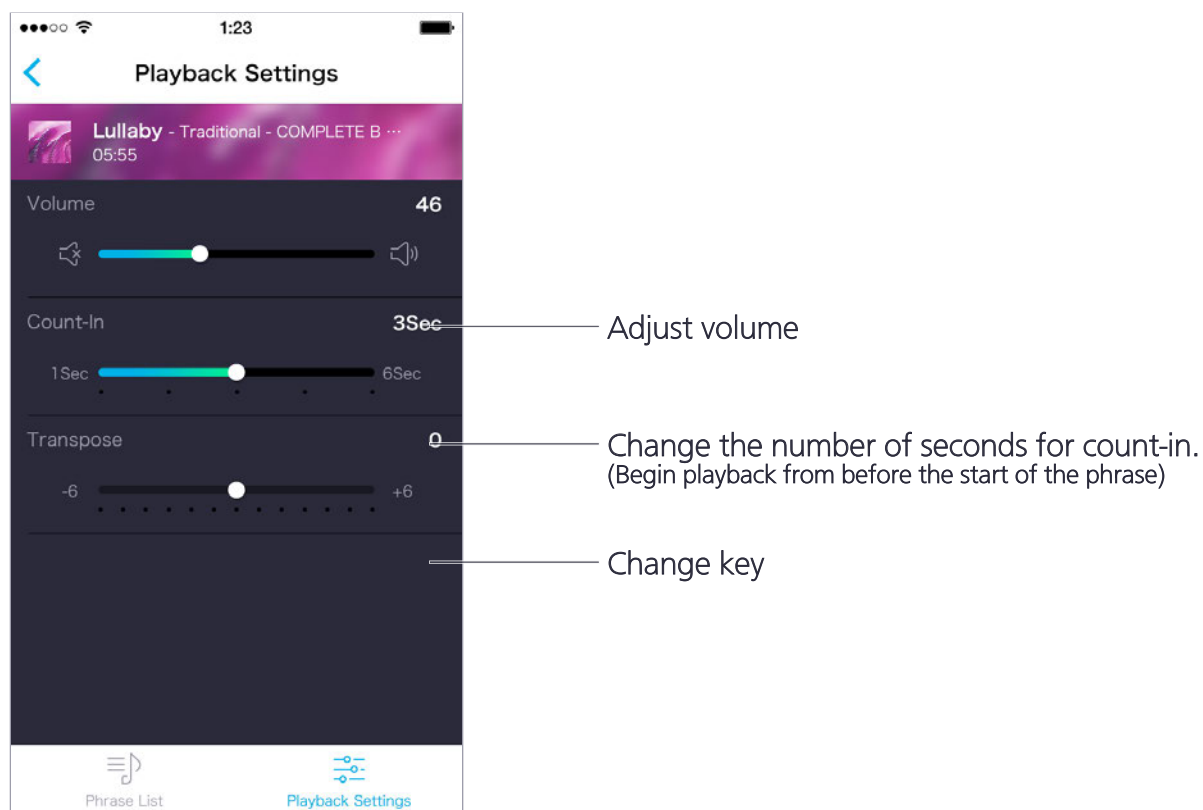

Edit the name and boundaries of the selected phrase. It is also possible to create a new phrase covering the section you want.

icon	Explanation	
	Flag A/B	Drag to adjust the starting point (A) and ending point (B) of the phrase.
	Set Flag A/B	Sets Flag A / B to the current playback position.
	Go to Flag A/B	Begins playback from the position of Flag A / B.
	Simultaneous editing of boundaries	Drag to simultaneously edit the starting / ending point of the next / previous phrase.
	Repeat	Play the phrase repeatedly.
	Edit phrase name	Edit the phrase name. You can either choose one of the suggested names or insert an original name.

Playback Settings

Edit parameters related to music playback.
